

To: FCC Chair Michael Powell--

I would like to urge you to allow a real public debate on the issue of consolidation in the FCC. The fact that you are holding a vote on media consolidation that deliberately disregards the views and opinions of the American people is a huge concern and speaks volumes as to your true agenda. This is deeply disrespectful of the most fundamental elements of America: democracy, freedom, competitive commerce, and diversity.

Sincerely, Kari King
Bozeman, Montana
